Have your letter regarding summer itinerary; agree with you it should not be made too strenuous. Advise Fearing by telegram to keep in mind my request not to make definite too many dates, but leave some dates to be fixed later. My impression is that he has arranged enough meeting[s] to cover summer and might return to Tuskegee soon. Impress upon him want plenty of time at Tuskegee during Summer School and Mosaic Meeting. Shall be in New York next Sunday. Might tell him see me in New York Sunday or Monday. Meetings in this state have done well.
